WORK EXPERIENCE

An attorney for 34 years, Dominique F. Bourcheix has made mediation, training in mediation/conciliation, and arbitration her exclusive field of practice since 1999 when she shifted her focus away from the civil and commercial litigation. Today, she exercises her specialty primarily in the Greater Montreal area as well as throughout Quebec and, occasionally, in Ontario.

Mediation and dispute resolution

Chartered mediator C.Med from the ADR Institute of Canada since 2009. Accredited civil and commercial mediator since 1995 with the Quebec Bar, the Quebec Superior Court and several other professional organizations.

Accredited mediator since 1997 with the Quebec Government's conciliation program in family matters.

Conciliator of the *Régie de l'Énergie* since 2005 where she presides over some 75 conciliations per year.

Since 1995, she has conducted over 2 000 mediations in English, in French or both in the following fields:

- Construction
- Professional liability
- Insurance
- Disability insurance
- Contracts
- Disputes between shareholders and/or partners
- Engineering and product liability
- Neighbourhood
- Banking and insolvency
- Successions
- Power distribution
- Harassment matters
- Family

These files are usually highly legalized, involve several parties and substantial monetary stakes, and are scheduled for trial from several days to months.

When certain mediations require it, because of the complexity of the issues and the number of parties, she has also developed a successful method of co-mediation and has conducted several with either a lawyer or engineer.

Teaching and coaching

Since 2006, she has regularly given several advanced seminars to mediators of the *Centre de médiation et d'arbitrage de Paris, Aix-Mediation (France)*, the *Commission des relations du travail du Québec* and the *Commission des Lésions Professionnelles du Québec, Commission de l'accès à l'information, the Life and Health Insurance Ombuds Office of Canada, the Royal Canadian Mounted Police and the Tribunal de la Dotation du Canada*.

From 2005 to 2010, she was responsible for the course on *Civil, Commercial and Labor Mediation* (which accredits mediators with the Bar) as well as the *Interest-Based Negotiation* course offered as part of the Quebec Bar's continuing education program. She delivers these courses several times per year as an independent dispenser since 2010.

In 2004, she lectured on *Negotiation and Dispute Resolution in Engineering Administration* within the framework of Sherbrooke University's Master's of Engineering Administration.

Since 1995, she has regularly taught, in French and in English, Interest Based Negotiation and Mediation on behalf of the federal Department of Justice, the Royal Canadian Mounted Police, the Canadian Radio and Telecommunications Council, the Canadian Transport Agency, the Canadian International Trade Tribunal, the Indemnity Fund of the Chambre des notaires du Québec and the Régie des Alcools, des Courses et des Jeux du Québec.

In 2002 and 2005, she held an advanced seminar for the Chambre des notaires du Québec and in 2000 and 2002, taught arbitration courses for CAMVAP (see below).

Arbitration

From 2000 to 2010, she acted as an Arbitration Specialist for Quebec with the Canadian Motor Vehicle Arbitration Plan (CAMVAP), a program established throughout Canada since 1994. Her role is to select, train and supervise the arbitrators on the roster, to process and analyze complaints relative to an arbitrator and to act as consultant on the program. She has conducted several arbitrations in Ontario within the program.

She regularly acts as sole arbitrator, as president or as member of arbitration tribunals in civil and commercial matters.

Litigation

1982-1999 She has practiced litigation and pleaded many cases before Quebec's Superior Court and the Court of Appeal in the fields of:

- Civil law
- Professional liability
- Construction
- Insurance
- Banking and insolvency
